

Material for two magnetic boxes Eva Szily

Workshop ARA Belgica, Waregem, 1&2 november 2018

- 2 sheets of Zaansch bord paper (or other quality 250-400 g) about 380 x 520 mm
- 1 Cutting mat 40 x 65 cm
- 2 metal rulers (back covered with fine sandpaper) 30 and 50 cm
- 1 right angle triangle (15-20 cm)
- 1 Small size OLFA cutter (or similar) and blades
(scalpel is not necessary, but one can always have it !)
- 2 bone folders (one quite fine to score the paper)
- 1 teflon folder (most necessary...)
- 1 micropencil, pen, 1 eraser
- 1 bradawl
- 1 dividers (eventually)
- 2 flat brushes (25-30 mm, and 10 mm) (or round if you are more used to)
- 2 pieces of sandpaper (100 and 200-240)
- 1 small jar with PVA glue, 1 piece of cloth (rag)
- 2-3 weights (stone ?)
- 2-3 small wooden board (min 15 x20 or more)
- 1 piece of cloth (rag), some tissue, (waist paper for gluing available for free!)
